For the Shareholders and the Supervisory Board of Comperia.pl S.A.

Introduction

We have reviewed the attached interim condensed consolidated financial statements of Comperia.pl S.A. The Management Board of the Company is responsible for preparing interim condensed financial statements in accordance with the International Accounting Standards (IAS) 34 "Interim Financial Reporting" which was published in the form of the European Commission regulations.

Our responsibility was to express a conclusion on these interim condensed financial statements based on our review.

The scope of the review

We conducted our review in accordance with the National Standard on Review Engagements 2410 within the meaning of the International Standard on Review Engagements 2410 "Review of Interim Financial Information Performed by the Independent Auditor of the Entity" adopted on the basis of the Resolution no. 2041/37a/2018 of the Polish National Council of Certified Auditors dated March 5th, 2018. The financial statements are reviewed by questioning persons responsible for the financial and accounting aspects, performing the relevant analytical procedures and other procedures of the review. The review is significantly narrower than the audit performed in accordance with the National Standard on Review Engagements 2410 within the meaning of the International Standard on Review Engagements 2410 "Review of Interim Financial Information Performed by the Independent Auditor of the Entity" adopted on the basis of the Resolution no. 2041/37a/2018 of the Polish National Council of Certified Auditors dated March 5th, 2018. This means that the review is not sufficient to provide assurance that we have identified all relevant issues which could be exposed during the audit. That is why we do not express the audit opinion about interim condensed financial statements.
